ERA Ranger mine cyclone preparation

The Australian Bureau of Meteorology has issued a cyclone warning for areas that are presently in the path of Cyclone Monica, including Jabiru and Darwin.

Accordingly ERA advises that, as a precautionary measure, mining and processing operations will be progressively shut down from this afternoon to allow appropriate plant and mine protective measures to be taken, and for employees and contractors to return to their families and homes.

A further notice will be issued once the cyclone has passed and the impact has been assessed.

Contacts:

Investor enquires: Rod Antal, Chief Financial Officer, on 0438 617 794

Media enquires: Amanda Buckley, Manager External Relations, on 0419 801 349
